Brick and Block Laying 3N0919

Programme Aim: To provide learners with the opportunity to develop the knowledge, skills and competencies necessary to select the correct tools and equipment required to build a range of brick and block walls, ensuring that all maintenance on equipment is maintained correctly. That participants can follow drawings to set out work required, using the technique & methods set out to cut the brick or block allowing them to join correctly and mix the desired batch of mortar to the required specified proportion. On completion participants will be able to construct a range of brick and block walls to comply with supplied drawings and stated tolerance ensuring they adhere to all health and safety requirements

Participants of this programme will:

- Understand what health and safety legislation effects brick and block laying
- Identify the correct PPE needed in order to complete a range of brick and block laying tasks
- Be able to plan and design an area using drawings and sketches
- Complete a range of tasks to an excellent standard
- Be confident to mix mortar for required area
- Cut bricks or blocks to joint them correctly
- Understand the equipment required for brick or block laying and the maintenance on equipment required

Programme Content

- Health and Safety in brick and block laying
- PPE
- Preparation and design
- Setting up
- Selecting the right tools and materials and ensuring the correct maintenance
- Be able to identify a range of brick and block laying techniques
- Construct a brick or block wall
- Learning cutting techniques
- Mix mortar to correct specification
- Completion of work and general maintenance required

Specific Support Available

A range of accommodations and supports are possible according to specific needs. This programme comes with a very comprehensive manual as an excellent source of reference after the programme

Programme level	This programme leads to a Level 3 on the National Framework of Qualifications
Progression and Credit Value	This programme can be used as 5 credits towards Major awards at Level 3
Duration	This programme will run for 3 to 4 days depending on project contact days and will require participants to complete some work in their own time
Who should attend this course	People seeking jobs, skills in brick and block laying
Required fluency in generic skills	Generally learners engaging in learning activities leading to level 3 awards are ready to take on a new task in a personal capacity or role. Learners can follow direction and are moving towards independent learning. Learners will have the ability to read basic short text in a non-supported environment and will be able to make sense of quantitative information within a familiar setting or unfamiliar task in a familiar setting.
QQI Assessment	Participants who wish to achieve a QQI Component Certificate must complete 100% Skills Demonstration
Resources Required in Order to Successfully Complete the Module	Some personal learning / study time will be required from participants. Programme packs, Assessment Briefs and some equipment will be provided as a part of the programme
Specific Entry/Access & Exemptions required	Access to programmes leading to level 3 is open. A learner seeking entry to a programme leading to awards at level 3 does not need a previous formal qualification. Some learners may have achieved certification at level 2.
