Training Delivery and Evaluation

Programme Aim: This programme has been designed to help enable participants to develop the knowledge and skills necessary to confidently deliver tailored and planned training programmes to a range of learners, being able to assess and evaluate methods used while adhering to specific learning outcomes. On completion of this programme participants will be capable of delivering a successful training programme to a group of learners, fully understanding the whole training cycle process. This programme is also worth 15 credits towards the special purpose award in Training and Development 6S3372

Participants of this programme will:

- Have acquired the skills to understand the concepts and theories that underlie the delivery and evaluation of training
- Understand how to put together a successful training programme including the learning environment, the trainer, learning methodologies and group dynamics
- Be capable of delivering appropriate training content and materials using training aids
- Develop appropriate evaluation tools, techniques and approaches for a training
- Report on your training programme including areas of success and improvements

Programme Content

- Concepts and theories in adult education
- The Learning environment, the trainer and learning methodologies
- Current legislations that impact adult education and delivery
- Evaluation models, approaches, tools and techniques used to monitor training
- Appropriate training content, materials and aids
- Delivering a training programme
- Providing constructive feedback
- Reporting on training programmes including identification of successes and improvement
